Product Details

Bring a warm, contemporary look into your office with this Orchard Hills Collection compact computer desk with hutch. Laminate surfaces are resistant to scratches and stains to protect its good looks for years.

This desk takes up a small footprint while still providing plenty of storage space. A single utility drawer lends space for your office supplies, while a CPU tower space keeps your CPU off the floor. The four cubby spaces in the hutch provide extra room for your reading materials and supplies, and a pull-out keyboard tray is large enough to accommodate both a keyboard tray and a mouse. Monitor area is 27.5"W. Add this compact computer desk with hutch to your office for convenience where you need it most. Unfinished back.

Assembly required.
