### Product Details

Built for the hard worker, this 10500 Series laminate desk is incredibly sturdy and will stand up to use and abuse for years. The 10500 Series is a great line if you're redoing an existing office, or setting up for a new space because it has plenty of desk and storage options to suit large and small business.

This single pedestal desk is constructed with laminate surfaces and a durable inner frame that stands up to stress of moving and relocation. The formal, full-height modesty panel provides privacy below the worksurface, and robust metal-to-metal fasteners and wood dowels offer a solid feel and lasting performance. The multi-ply laminate stands up to scratches, spills, stains and boiling liquids. This desk can be used alone, or paired with a double pedestal credenza and stand-on hutch to create an executive workstation. One left pedestal offers storage for files and small supplies, and two grommet holes allow for easy cable management.

Fully assembled.
