Product Details

Designed with a focus on comfort, the Space 63 Series AirGrid-Back Big and Tall Ergonomic Chair is the perfect addition to your office. This chair stands out with its mesh back, which not only promotes maximum breathability but also offers adjustable lumbar support. Designed for big and tall users, these chairs provide superior comfort with wider and deeper seats and seat backs. This ensures that all users can enjoy a chair that's tailored to their body, enhancing their comfort and productivity throughout the workday.

The Space 63 Series collection boasts a sleek and modern design. These chairs prioritize ergonomic comfort, offering users a supportive and comfortable seating experience. With their accommodating size and durable construction, they provide a reliable seating solution that can withstand the test of time.

Assembly required.
