Product Details

Modern and WFH offices demand flexible storage options with smaller footprints. As such, we've seen the rise in popularity of the pedestal style file cabinet with wheels for easy movement and height for under-desk storage. FireKing saw this need and combined all the benefits of a pedestal with its best-in-class fire-ratings.

The FireKing Mobile Pedestal line offers a flexible storage option and maintains a 1 hour fire rating. Heavy-duty caster wheels provide a way to quickly and easily move your cabinet within your home or office environment. With the top utility drawer and bottom filing drawer, you have the best of both worlds to protect all your vital documents. Bottom filing drawer accommodates both letter and legal files. The 25-1/4" height fits under most desks. Made in the USA.

Fully assembled.
