### Product Details

Add the Softpod 3 Divider Workstation to any open place office. This pod consists of one straight back divider, two side j-dividers and one standard worksurface. Once installed, the workstation measures 54 inches from the floor, 25 inches from the top of surface and has a clearance of 6-3/8 inches at floor level. Divider walls are surfaced with tackable PET felt. Easily add on additional divider walls to create more privacy - sold separately.

Softpod - where flexibility meets focus. This collection provides an alternative to conventional workstations and cubicles. Softpod supports activities that require individual focus and engagement as well as facilitates hybrid schedules that require unassigned workspaces as people move between the office and home. On its own or as a cluster of pods, Softpod workstations support flexibility within an open plan office.

Assembly required.
