### Product Details

Enjoy a private, productive workspace for four designed with quality and convenience in mind. The Easy Office 60"W 4 Person Desk with file pedestals offers a simple configuration that can be set up quickly, yet is durable enough to withstand the rigors of everyday use in a fast-paced professional environment. The work surfaces provide plenty of room to spread out with materials while built-in wire management grommets keep cords and cables out of the way. The one-inch thick desktops support up to 200 pounds each and have a thermally fused laminate finish that protects against normal wear and tear. Extended 66H Panels separate the Desks in an X formation to maintain privacy and enhance focus by eliminating visual distractions. Four 3 Drawer Filing Cabinets roll on dual-wheeled casters and fit under the desks for convenient storage of legal, letter and A4-size documents along with miscellaneous supplies. Drawers open on smooth full-extension ball bearing slides, and the top drawer can be locked to secure valuable items. This commercial office furniture set is tested to meet ANSI/BIFMA quality standards for safety and performance.

Combine style, affordability and function with Easy Office, perfect for open areas, including call centers, small businesses, start-ups, and study spaces.

Assembly required.
