Product Details

Give everyone more room with Merit tables. Merit adjustable post legs come four to a set and are height adjustable to accommodate students of all ages. Height is easy for adults to adjust by loosening and tightening a bolt with the included hex key. This 72-inch long classroom table assembles in a snap with just a few screws. The table is constructed of a thermal fused melamine laminate tabletop that is 1-inch thick and finished with a black T-Mold edge band. This tabletop is double-sided and finished in Maple on the other side. It has an extra-wide 30-inch wide work surface to accommodate more students or larger work materials. Simply pick the side you like and install the base on the other. Self tapping wood screws and a placement template are included. Laminates are scratch, stain and scald resistant and wipe clean easily. Rounded corners make the table safer for everyone. A sleek alternative to pedestal style bases, the adjustable post legs come in a classic black with chrome underneath. Adjustable glides on the bottom of the base ensure a level tabletop and are easy to adjust.

Versatile by nature and contemporary in style, the Merit Collection brings together thoughtful design and everyday function. Its clean, neutral aesthetic and wide-ranging assortment make it effortlessly adaptable—offering endless possibilities to curate cohesive, well-designed spaces in any setting.
