### Product Details

Opportunities for you to use this mobile folding table are endless. Appropriate for indoor and outdoor use for special events, presentations, or banquets. The special design makes folding and mobility effortless so you can spend less time setting up and more time enjoying the event.

The low maintenance top of this folding table is constructed of solid core and finished with a high-pressure laminate surface. Added protection on the edges and shock absorbing corners comes from the Bullnose T-molding that surrounds the top. The black enamel, self-supporting steel frame provides additional strength to this mobile table. Open and close the table smoothly and with ease thanks to the combination of pneumatic lift and torsion bar suspension in the frame. The pinch-free hinges and gravity locks make this a safe folding table that anyone can use easily.

Fully assembled.
