### Product Details

Get a leg up on creating your ideal training room with the mobile Merit training table. This 48"W model is compact enough to suit smaller spaces, yet still provides plenty of work surface. Whether you're creating a large training room for existing employees or simply instructing two or three new ones, you'll find that this table will meet and beat your training room needs. With the convenient flip top and casters, this table is incredibly easy to nest and store after your session is over. The Merit training table is constructed with a 3" thick powder-coated tubular steel frame, and the top is high quality thermo-fused 1" thick melamine laminate. It has tough T-mold radius edging to prevent damage or injury. The base is constructed on 3" tubular steel, and an optional data port can be installed to meet your technology needs. Casters provide easy mobility. Ganging brackets allow you to join tables securely together the ganging brackets are sold separately.

Assembly required. Please note that if you want this table to come with a data port, you must order the data port simultaneously as it has to be factory installed (see accessories below). Alternatively, please call (800)-558-1010 for assistance and one of our experienced sales representatives will gladly assist you. If the table is ordered with a data port, it becomes non-returnable due to the customization.
