Product Details

Whether you're equipping a science lab, classroom, or technical workspace, Oak Lab Tables provide the strength, durability, and precision craftsmanship required for high-demand environments. Built with 2-1/4" square solid oak legs, these tables are reinforced with heavy-duty 13-gauge steel corner braces and secured using 5/16" hanger bolts to ensure maximum stability and structural integrity. Designed for performance and longevity, each table features non-skid adjustable glides for accurate leveling on uneven floors, along with black rubber leg boots to protect against scuffs and chemical exposure. The 1-1/4" ChemGuard worksurface with a 3mm PVC edge offers superior chemical resistance, making it ideal for labs and technical applications. With a 500 lb weight capacity, Oak Lab Tables are a dependable solution for environments where strength and reliability are essential.

Assembly required

Assembly required.
