### Product Details

Create a welcoming atmosphere in any break room or café area by combining the warmth and feel from real wood with a sleek design. Tables are available in multiple heights and are great for break areas, casual meeting and collaborative spaces both large and small.

Solid wood table top is made from the heartwood of the Poplar tree known for exceptional durability. Each 1.25" thick top is individually unique with natural variations in color and grain. Table top is coated using an UV cured, water base finish to withstand the elements and minimize hazardous air pollutants without sacrificing durability and performance. Spill and stain resistant yet eco-friendly and formaldehyde free. The arched cast iron base has a 3" diameter 16 gauge column with floor adjustable glides.

Assembly required.
