Product Details

Add a dash of dramatic modern flair to your office workplace with the ProLine II 8200 Series Leather High-Back Executive Chair. This executive chair reclines easily and comfortably with its sophisticated knee-tilt control mechanism preventing the front edge of the seat from rising when you recline. This chair also offers instant lift height adjustment and adjustable tilt tension control, making it easy to find your comfort zone at your desk. Padded arm rests add extra support, and the wide chrome base keeps you stable and provides easy mobility with dual-wheel casters, perfect for your computer setup.

The ProLine II 8200 Series collection exudes sophistication and refinement, presenting chairs that enhance the overall ambiance with their elegant design. Featuring adjustable comfort, these chairs allow users to tailor their seating experience to their preferences.

Assembly required.
