Product Details

Practical and sturdy, the Poly Chair Plastic 14"H Student Stack Chair is a perfect choice for your classroom. This student chair has a 14"H seat, which is appropriate for children in first up to third grade. The sturdy design comes with a 440lb. weight capacity, and features ventilation holes in the seat and back to promote air flow circulation. This student stack chair provides a comfort-formed back and contoured waterfall seat set upon a durable metal frame. This chair is ideal for both indoor and outdoor settings. This heavy-duty plastic stack chair is sturdy in construction to withstand regular use and frequent stacking.

The Poly Chair collection represents a comprehensive range of school chairs, each meticulously crafted with practicality and sturdiness in mind. This collection embodies the idea that a comfortable and ergonomic seating solution can significantly enhance the educational environment. The durability of the Poly Chair collection is a testament to its commitment to longevity.

Fully assembled.
