Product Details

Equip a classroom, training space or departmental office with this tablet charging cabinet. This unit will keep tablets charged and secure when not in use. It can even be wall mounted to save valuable surface space.

The charging cabinet is made of steel and features perforated sides to allow for ventilation so the tablets do not overheat. The inside is padded and features rubber coated dividers to protect your devices. A 16-outlet horizontal power strip inside and grommet hole allows up to 16 tablets to be charged at once. Mounting hardware for drywall surfaces is included. This unit can support up to 75 lbs evenly distributed when wall mounted.

Fully assembled.
