Product Description

The clean lines of this magnetic glass marker board will bring an updated feel to your conference room, training room, or office. The back is painted, offering a variety of color options from bold to neutral, that all provide vivid contrast of standard dry erase markers. The steel sheet backing makes the surface magnetic, allowing for additional paper notes or handouts to be displayed with the four included magnets. The smooth, non-porous surface will not ghost, stain, bow, shatter or crack and will show writing clearly.
