Product Details

Ghent's Enclosed Cork Bulletin Board is the perfect way to display messages, pictures, and important information securely. Natural cork boards are made with self-healing cork, meaning holes made from repeated and frequent tacking will disappear. You can use staples, tacks or pins and be confident that they will stay in place without pulling from the board. Ghent's message centers are hand-made to ensure the cork surface will not peel or flake from the backing when installed indoors.

Ghent's 1-door enclosed bulletin boards are protected using shatter-proof acrylic panels, full-length door hinges, and locks that are flush with the frame. You can install the board in high-traffic, public areas without worrying about damage or tampering. Hidden corner brackets allow the message center to sit flush against the wall without any visible hardware, which adds protection from vandalism. The cork surface is paired with a Satin aluminum frame and includes 2 keys.

Ships to you in Ghent's worry-free packaging, designed specifically for shipping enclosed boards. Ghent's Enclosed Cork Bulletin Board is made in the USA. Recommended for indoor use only.
