### Product Details

Post class materials and important information in your school or office with this fabric wrapped tack board. This board features latex-backed fabric that resists fraying and hides pinholes for a long lasting surface you can rely on. Fabric is also resistant to odor- and stain-causing microbes to create a healthier environment for everyone. Unframed design allows you to stack boards together to make a continuous surface over large areas.

This product has been Greenguard certified to support better indoor air quality for offices, homes, schools and healthcare facilities. Products that are Greenguard certified are regularly tested to ensure that their chemical and particle emissions meet acceptable pollutant standards.

Fully assembled.
