### Product Details

Do you ever wonder where your milk bottles go when you put them in the recycling bin? You'll be pleased to know that your recycling efforts are paying off! To make this six-foot picnic table, Polly Products used approximately 2,500 recycled milk bottles.

Eco-friendly and economic, this six-foot picnic table is made of 100% recycled plastic, held together with stainless steel fasteners, and features 9.5" wide seats and a 72" by 29" table top. Resistant to rotting and splintering, this picnic table will give you years of maintenance-free use far beyond a traditional wood bench.

Assembly required.
